RE: AN UN-NETTED PIT IN VIOLATION OF ORDER R-8952

Dear Denver:

A recent field inspection revealed that the Sunterra Dehydrator Pit at the Amoco Production Co., **Florance #7-A, F-23-30N-09W** contains about 5 BBLS of emulsion. Your application for exception to the Order (Form C-134) is not approved and you are hereby directed to screen or net the pit prior to September 16, 1994.

Yours Truly
