Re: State Deliverability Request
San Juan Basin, New Mexico

Gentlemen:

Below is a list of Tenneco operated wells which have been converted to plunger lift, rod pump or compression. These conversions have resulted in substantial increases compared to the 1986 State deliverabilities. It is therefore requested that these wells be approved for retest.

<u>WELL</u>	<u>1986 ST DELIV (MCFD)</u>	<u>CURRENT CAPACITY (MCFD)</u>	<u>INCREASE (MCFD)</u>	<u>CONVERSION TYPE</u>
Barrett LS 3A	281	825	544	Compressor & rod pump
Barrett LS 3	463	890	427	Compressor & rod pump
Pritchard LS 3	196	580	384	Compressor

If you need additional information, please contact me at (303) 740-4841.

Very truly yours,
