Dear Mr. Ramey:

This is a request for administrative approval for an unorthodox gas well location in the Blanco Mesa Verde pool.

It is intended to locate the El Paso Natural Gas Company Sunray A #2A at 1228' from the South line and 1335' from the East line of Section 10, T-30-N, R-10-W, NMPM, San Juan County, New Mexico. The East half of Section 10 is dedicated to this well.

The southeast quarter of Section 10 is in very rough terrain. An orthodox location could be built, but the Bureau of Land Management requested the well be drilled at this particular site (see attached plats).

El Paso Natural Gas Company is the operator of all offsetting proration units.

Plats showing the proposed well location with terrain features and ownership of offset leases are attached.

Yours truly,

D. R. Read
