Re: Stock #1, 36-30N-16W

Dear Sir:

Temporary abandonment approval of this well has expired. If it is your intent you can request another six month extension of the abandonment, through this office on form C-103. After six months any other request will have to be approved administratively through the Santa Fe Division.

This well was reclassified as a gas well, which requires administrative approval of a non standard location. See page 5 of the Rules and Regulations on how to apply. A new plat dedicating 160 acres in the Eagle Nest Gallup pool is also required.

Since all the above was discussed and handled previously through your local office, please call if you have any questions.

Your promptness will be appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Luanne Hisel".

Luanne Hisel
Technician I
