

1907, 1908.

Figure 2. The effect of the concentration of the *in situ* polymerization on the α -methylstyrene monomer conversion.

Do not use this form for proposals to drill or to deepen or plug back to a different reservoir. Use Form G-3 (11-0) for such proposals.

16. CHECK APPROPRIATE BOX TO INDICATE NATURE OF NOTICE,
REPORT, OR OTHER DATA

SUBSEQUENT REPORT OF:

Figure 1 illustrates the experimental setup. A subject is seated at a table, viewing a video screen. A camera is positioned above the screen. A target is placed on the table. A horizontal arrow indicates the movement of the hand from the starting position to the target. A vertical arrow indicates the movement of the hand from the target to the starting position. The distance between the starting position and the target is labeled as 10 cm. The distance between the target and the starting position is labeled as 10 cm. The distance between the starting position and the target is labeled as 10 cm. The distance between the target and the starting position is labeled as 10 cm.
