(Other Completion)

(Note: Report results of multiple completion on Well
Completion or Recompletion Report and Log form.)

17. PURPOSE OF COMPLETION OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting and completion, if well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

The completion reports for the Basin Dakota and Flora Vista Gallup fields dated 5/15/84 and 5/16/84 respectively, were incorrect in reporting two strings of 2-3/8" tubing set at 6837' and 6120'. There is only one string of tubing landed at 6837' with a sliding sleeve set at 6721'.
