(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) \*

Union Texas Petroleum desires to change plans from our Sundry Notice of 11/12/86 (Bury AC Cable). Instead of burying cable all the way from the McCord 12 to the McCord 10E, we desire to set a pole on the McCord 12 and on top of a sloping cliff overlooking the McCord 12, and hand carry a single cable down to the McCord 12. The top pole will be set approximately 40' from the road and is flagged in yellow/green. 300' of cable will be strung overhead and the rest buried as previously permitted. The original plan would have required us to cross two main gas transmission lines.
