RE: Application for Unorthodox
Location, Tenneco Florance
44E, 480' FSL, 340' FEL,
Sec. 31, T30N, R8W,
San Juan County, New Mexico

Dear Frank:

Attached in duplicate (to each office) is a well location plat (C-102) with an ownership plat for the referenced well.

Due to poor sand development in the NW SE of section 31 we prefer to locate the referenced well in the SE SE. Because of steep topography this is the only acceptable location.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to the authority of rule 104-E we respectfully request your approval of an exemption to the standard well location requirements.

Very truly yours,

A handwritten signature in dark ink, appearing to read "John Orr".
