Dear Mr. Dugan:

References are made to your Applications for Permit to Drill (APDs) the wells listed on the enclosed list. Due to no reports of drilling operations commencing prior to expiration, the subject APDs have expired, and are returned. Any expired APD may be resubmitted at any time when definite drilling plans are formulated.

You are required to request surface rehabilitation instructions from this office if construction activities have occurred on any of the referenced drill sites. If this office does not receive comment within 30 days, it will be presumed that no construction occurred. Later discovery that construction activities have occurred, may result in assessment of liquidated damages.

Sincerely,

Ken Townsend
