(Note: Report results of multiple completion on Well
Completion or Recompletion Report and Log form)

13. Describe Proposed or Completed Operations (Clearly state all pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Central Resources, Inc. plans to mix and pump 20 sacks (23.6 cuft) of Class B neat cement down the Bradenhead in order to cover the bottom of the Point Lookout formation.

This work will be completed within 90 days after completion of the producing formation.
