XXXXXXXXXXXX

120 East Chaco  
November 26, 1957

King Oil Company  
310 Monte Vista, N.E.  
Albuquerque, New Mexico

Att: Mr. Weldon C. Jylander

Dear Sir:

We have received copies of the Federal Notice of Intention to Drill on a well to be drilled by the King Oil Company in the SW<sub>4</sub> Section 4-30N-17W.

We are returning our copies of this notice to you for further information. Please indicate on the form what your casing program will be if production is encountered. It will also be necessary that Form C-128, Well Location and Acreage Dedication Plat, be submitted in duplicate with this notice. You will note that the location must be made by a registered surveyor. Please outline the 40 acres to be dedicated to the well on the face of the plat and answer questions as regards acreage dedication.

Production cannot be approved from this well until the above matters have been taken care of.

Yours very truly

Emery C. Arnold  
Supervisor, District #3
