Re: Rio Trust, Little Chama Valley Co. #1  
660 feet from the North line and 1380 feet from the West line  
Section 2, Township 1 North, Range 2 East  
Rio Arriba County, New Mexico

And Rio Trust, Sargent #1  
1445 feet from the South line and 925 feet from the West line  
Section 2, Township 1 North, Range 2 East  
Rio Arriba County, New Mexico

Gentlemen:

In March, 1969, application for permit to drill was approved for a well designated as your Little Chama Valley Co. #1. Also in March, 1969, a notice of intention to re-enter was approved for a well previously designated as the Rhine Petroleum Industries, Estate of Edward Sargent #1 and now designated as The Rio Trust Sargent #1. This well was plugged and abandoned by the previous operator in 1959.

Although no information has been filed for either operation since that time, we have learned that the Little Chama Valley Co. well was drilled to a depth in excess of 2000 feet and that the Sargent #1 well was in fact re-entered and a completion attempted.

Rio Trust is in violation of the Rules and Regulations of the New Mexico Oil Conservation Commission by failure to file subsequent information on the operations.

I am advising our attorney to set a case for hearing before the Oil Conservation Commission within the next thirty days to have Rio Trust and their bonding company show cause why Rio Trust should not comply with Commission rules and to show cause why these wells should not be plugged and abandoned in accordance with the requirements of the Commission.

Please also be advised that any plugging program for either of these wells must be approved by the Commission prior to commencing plugging operations. This cannot be done until Commission form C-105, Well Record Form, has been filed for the Sargent #1 well showing the formation record and showing what casing has been installed in the well. Form C-103, Sundry Notices and Reports, must be filed showing what operations were performed on the Little Chama Valley Co. #1 well.

Yours very truly,

Emery C. Arnold  
Supervisor, District #3
