Mr. Emery C. Arnold, Supervisor
New Mexico Oil Conservation Commission
District No. 3
1000 Rio Brazos Road
Aztec, New Mexico.

Dear Mr. Arnold:

FEB 20 1963

Re: San Juan 32-5 Unit No. 1-X-19
La Plata Gathering System, Inc., Operator
Blanco Mesa Verde Pool
Unit I - Section 19 - 32-N - 5-W
Rio Arriba County, New Mexico.

Herewith, each in quadruplicate, are the following forms with reference to the captioned well:

C-104 - Request for Gas Allowable

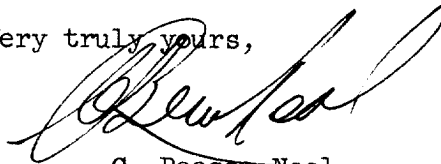

C-110 - Certificate of Compliance and authorization
to transport Natural Gas

An affidavit by Albert Sidney Johnson, Petroleum Engineer with reference to the deviation tests is attached to the original of Form C-104.

This well was completed in both the Mesa Verde and the Dakota, but to date the Dakota has been non-productive, so we are filing the captioned forms with reference to the Mesa Verde, only.

Should the Dakota prove productive at a later date, an additional set for that formation will be filed.

Very truly yours,

C. Beeson Neal
Agent in Farmington
