RE: DEVIATION SURVEY
Arboles 29 A #1
Sec. 29, T32N, R4W, NMPM
Rio Arriba County, N.M.

Gentlemen:

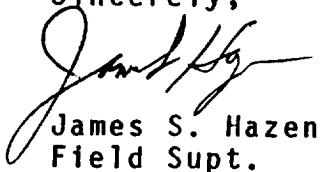

The subject well was drilled and completed by Technigas Inc. as a Fruitland (WC) in 1983. The operator was changed to Frontier Energy Corp. in October of 1984 and Nassau Resources, Inc. acquired the well in August of 1988. Nassau has recompleted in the Fruitland coal.

A thorough search of the Technigas/Frontier well files shows no record of deviation surveys; however, two sundry notices, dated December 13, 1983, indicate "well is not directionally drilled."

Nassau Resources has no information which indicates any abnormal deviations.

I here certify that the above information is correct to the best of my knowledge.

Sincerely,

James S. Hazen
Field Supt.
