13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

It is our intention to attempt to activate production, i.e., swab well or kick off with nitrogen, install artificial lift (plunger or rod pump) and/or add additional surface facilities for water storage. We anticipate completion by the end of the 4th Qtr of this year. We, therefore, respectfully request permission to maintain the wellbore in a shutin status until such well work can be accomplished.

14. I hereby certify that the foregoing is true and correct.
