Re: Non-reporting of wells on March 1998 C-115

Dear Mr. Martin:

In reply to your letter of June 19, 1998 (copy attached), please be advised that the John H. Brimhall well was plugged and abandoned in July 1993. A copy of the approved Sundry Notice and final site closure approval are attached for your information. This well has not been reported on our C-115 for several years.

The second well mentioned in your letter is not on our records as being a well. The Pool Number 71629 and Property Number 8286 correspond to our wells 30-039-24719 and 30-039-24725, but our records do not show a well number 30-039-25345 was ever drilled, completed or produced. If you have any further identifying data for this well, please advise me and the search will be continued.

If you need any further data on these wells, or why they are not reported on Nassau's C-115, please advise me.

Sincerely,

A handwritten signature in cursive script that reads "Gary J. Johnson".
