Dear Mrs. Perrin:

Reference is made to your Application for Permit to Drill (APD) Well No. 8 Carracas Unit 10A, 800' FNL/540' FEL in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ SEC. 10, T. 32 N., R. 5 W., Rio Arriba County, New Mexico, Federal lease NM NM 76832. As we have received no report of drilling operations commencing prior to expiration, the subject APD has expired, as of July 24, 1992, and is returned. Please note that it is the policy of this office to grant extensions of APDs up to a total of one year from the original expiration date. Any expired APD may be resubmitted at any time when more definite drilling plans are formulated.

You are required to request surface rehabilitation instructions from this office if construction activities occurred on the referenced drill site. If this office does not receive comment within 30 days, we will presume that no construction occurred and proceed accordingly. Later discovery that construction activities have in fact occurred, may result in assessment of liquidated damages.

Sincerely,

/s/ John L. Keller
