DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudlogging jobs, cementing points, and all other important proposed work)

When this well was staked, the surveyor presented a plat which was in error as to footages from the section lines. The location as staked was drilled and corrected plat have been submitted showing the true location of the well.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.
