Re: Remedial Action, Aztec Oil & Gas Co., Thompson #5, A-33-31N-12W

Dear Mr. Salmon:

The packer-leakage test report which you submitted on November 18, 1968, for the above well indicates that there is communication between the producing zones.

You are hereby directed to take immediate action on this well to separate the producing zones in accordance with the terms of the multiple completion order which authorized this dual completion.

Thank you.

Yours very truly,

  
Emery C. Arnold  
Supervisor, District #3
