Re: Pan American Petroleum
Corp. State Gas Com 88 #1
M-16-31N-12W, Basin Dakota
Pool

Dear Mr. Eaton:

The net allowable status of the subject well as of September 30, 1966 was 109,370 MCF over produced. This volume is 5380 MCF less than six times the September current allowable.

The October current allowable is 19,304 MCF. During October, 1966 the well may be produced up to 24,684 MCF without being more than six times the October current allowable.

Yours very truly

A. R. Kandrick
Engineer, District #3
