San Juan County, New Mexico

Dear Mr. Porter:

Further to my letter of October 30, transmitting certain data in support for a request for administrative approval of a Dakota-Mesa Verde gas completion, please be informed that Backer Leakage Tests have been successfully performed. The required transmittal of results have this date been forwarded on the proper form to Mr. Emery Arnold, District Engineer, in Aztec.

We are now ready to turn the well into the buyer's line. Accordingly, we would appreciate your early approval of this dual completion.

Very truly yours,

CONSOLIDATED OIL & GAS, INC.
