17. SECTION PROVIDED ON COMPLETION OF WELL (Clearly state all pertinent details and give pertinent data including estimated date of starting and
completing work. If well is abandoned, state date of abandonment and give pertinent data on all sections and logs and
send to this office.)

1. Started work on March 24, 1969

2. Spotted 50 sacks cement plug across top of 4" line @ 2430'

3. Shot off 24" casing @ 770' pulled and recovered same.

4. Spotted 30 sacks of cement plug across top of 24" casing string.

5. Spotted 18 2K plug across bottom 8 5/8" surface.

6. Erected dry hole marker completed 3-30-69

Instructions

1. This form is to be used for the purpose of reporting the results of operations on a well or wells, including the completion of a well, the abandonment of a well, or the discovery of a new reservoir. It is to be filled out by the operator of the well, or by a person authorized by the operator to do so. The form should be filled out in triplicate, and the original and two copies should be submitted to the nearest office of the Geological Survey. The form should be filled out as soon as possible after the completion of the well, or the abandonment of a well, or the discovery of a new reservoir. The form should be filled out in accordance with the instructions on the back of the form. The form should be filled out in accordance with the instructions on the back of the form. The form should be filled out in accordance with the instructions on the back of the form.
