Re: Ridenour Gas Unit No. 1
Blanco-Mesaverde Pool

Dear Sir:

Reference is made to your letter of August 2, 1955, pertaining to your corrected gas well plat for your Ridenour Gas Unit Well No. 1, Section 13, Township 31 North, Range 11 West, San Juan County, New Mexico.

Your allowable has been corrected effective the first day of prorationing March 1, 1955, based on a 280-acre proration unit. Supplement No. 220 S will be issued to correct the allowable and the change in allowable will be reflected in the September Gas Prorationing Schedule.

When you have effected a communitization of the entire 320-acre tract, please submit a new gas well plat so that your allowable may be increased to the standard 320-acre unit.

Very truly yours,

W. B. Macey
