Att: Mr. M.J. Boyce, Division Production Superintendent

Dear Mr. Boyce:

We have received a copy of the Notice of Intention to Drill from the U.S.G.S. Office in Farmington on your #1 Government.

This well is located within one mile of the Blanco Mesaverde Pool and is therefore governed by Blanco Mesaverde Pool Rules. We are enclosing a copy of Order R-128-D, which is the proration order for this pool. Your attention is called to Rule 1 (a) which defines proration units. You will note that a half-section, consisting of between 316 and 324 acres is a standard Blanco Mesaverde proration unit.

We are also enclosing Memorandum #2-56 pertaining to the filing of Form C-128, and Order R-855, which is the latest revision of our general spacing rule. We note that you have not submitted Form C-128 with your Notice of Intention to Drill. Will you please do so, as we will be unable to grant an allowable on this well until Form C-128, properly executed, has been submitted.

If we can be of any service, please let us know.

Yours very truly

Emery C. Arnold
