Dear Pete:

Enclosed is letter from The Ohio Oil Co. granting their approval of the establishment of a non-standard gas proration unit for the subject well. Administrative approval was requested on January 22, 1958.

The enclosed letter together with letters received from El Paso Natural Gas Company and Colorado Western Exploration Company constitute all offset operator approval requirements for forming of the non-standard unit.

Yours very truly,

CHARLES M. HEARD

Dear Mr. Heard:

In reply to your letter of January 22, this
is to advise that The Ohio Oil Company has no objection
as an offset producer to your establishing a unit composed
of the NE $\frac{1}{2}$ of section 7, consisting of 315.83 acres and
results in a non-standard gas proration unit, lacking
.17 of an acre of containing to a standard proration

Very truly,

R. W. McCanne
