AZTEC, NEW MEXICO

April 24, 1963

Humble Oil & Refining Company
Box 3082
Durango, Colorado

Attn: Mr. B. M. Bradley
District Superintendent

Dear Mr. Bradley:

We have received received a copy of a Federal Notice of Intention to Drill for your Navajo Indian "G" #7 well located in the NE¹/₄ NE¹/₄ Section 12-31N-17W. We note that you have dedicated 80 acres to this well. The statewide spacing rule for wildcat oil wells calls for 40-acre dedications. We, therefore, are correcting your acreage plot to show 40 acres instead of 80.

Yours very truly

Emery C. Arnold
Supervisor, District #3
