DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Notice is hereby given of intention to plug back the Navajo-Ute 6 #1, Mississippian test, from 9030 ft. to 1810 ft. Cement plugs will be set through the following intervals: 9030-8700, 7750-7650, 6850-6650, 5050-4900, 3600-3400, 1930-1830. A bridge plug will be set at approximately 1810' and a completion in the Tecito-Callup will be attempted.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

By Charles A. Lantieri

Title Field Foreman

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

2. The second part of the document outlines the specific requirements for record-keeping. It states that all transactions must be recorded in a timely and accurate manner, and that the records must be maintained for a minimum of five years.

3. The third part of the document discusses the role of the auditor in verifying the accuracy of the records. It states that the auditor must perform a thorough review of the records and must report any discrepancies to the appropriate authorities.

4. The fourth part of the document discusses the consequences of failing to comply with the record-keeping requirements. It states that individuals who fail to comply may be subject to fines and penalties, and that the organization may be held liable for any losses resulting from the failure.

5. The fifth part of the document discusses the importance of training and education for all personnel involved in the financial system. It states that all personnel must be trained in the proper record-keeping procedures and must be held accountable for their actions.

6. The sixth part of the document discusses the importance of internal controls in preventing fraud. It states that internal controls must be designed and implemented to ensure the accuracy and integrity of the financial system.

7. The seventh part of the document discusses the importance of transparency and accountability in the financial system. It states that all transactions must be clearly documented and that the results of the financial system must be made available to the public.

8. The eighth part of the document discusses the importance of regular audits and reviews of the financial system. It states that audits and reviews must be conducted on a regular basis to ensure the continued accuracy and integrity of the financial system.

9. The ninth part of the document discusses the importance of maintaining the confidentiality of the financial system. It states that all information related to the financial system must be kept confidential and that any unauthorized disclosure may result in severe penalties.

10. The tenth part of the document discusses the importance of staying up-to-date on the latest developments in the financial system. It states that all personnel must be kept informed of any changes in the financial system and must be trained accordingly.

11. The eleventh part of the document discusses the importance of maintaining the security of the financial system. It states that all information related to the financial system must be protected from unauthorized access and that any security breaches must be reported immediately.

12. The twelfth part of the document discusses the importance of maintaining the integrity of the financial system. It states that all transactions must be recorded accurately and that any manipulation of the records must be detected and prevented.
