Dear Mr. Carson:

This office issued a "shut-in notice" for the subject well effective October 2, 1957. The operator, Critchell Parsons, has failed to file the monthly production reports.

The reports are to be filed on the State Forms C-115.

If we can be of further assistance, please contact us.

Yours very truly

Dear Mr. Kendrick:

It has come to our attention that production has been suspended for the past several months on the Standard of Texas No. 1 well located in the E $\frac{1}{2}$ of Section 2, Township 31 N, Range 11 W, San Juan County, New Mexico.

We hold an assignment of the oil and gas runs from this well as applied to the Critchell Parsons' interest. We understand that there are certain requirements which are not being met in the operation of this well which have caused the suspension of production, and we have been referred to you for information regarding these requirements in our attempt to determine what can be done toward satisfying them. If you can be helpful to us in this connection, we will appreciate the courtesy very much.

Sincerely yours,

Cale W. Carson
