SECRETARY AND DIRECTOR

AZTEC. NEW MEXICO

November 26, 1952

TO WHOM IT MAY CONCERN:

Following is the information pertaining to the drilling and production status of a well in the South half of Section 29, Township 32North, Range 10 West:

This well, known as El Paso Natural Gas Company #3 Scott, is located 990 feet from the south line and 790 feet from the west line of Section 29-32N-10W, San Juan County, New Mexico. Well was spudded 4-7-52, Completed 6-24-52; Total Depth 5375'; Production casing at 4535'; Producing Interval, 4535-5375'; Producing Formation, Mesaverde; Initial Potential, 3,950 MCF per day; Shut in Casing Pressure, 1087#. We understand this well was put to producing October 9, 1952, but as of this date no production records have been received in this office.

Yours very truly,

Emery C. Arnold  
Oil & Gas Inspector  
District #3
