 90-3500 25% gloconitic, vry fine grnd ss, 65% gry & brn sh, vry rotten, transitioning almost to coal, 19% coal.

1. The first of these is the fact that the Government has not yet decided whether it will accept the offer of the United States to purchase the Alaska Pipeline. This is a very important decision, and it is one that the Government must make soon.	2. The second of these is the fact that the Government has not yet decided whether it will accept the offer of the United States to purchase the Alaska Pipeline. This is a very important decision, and it is one that the Government must make soon.	3. The third of these is the fact that the Government has not yet decided whether it will accept the offer of the United States to purchase the Alaska Pipeline. This is a very important decision, and it is one that the Government must make soon.
