Gentlemen:

Notice was given to the BLM as to Tenneco's intent to plug and abandon the above mentioned well following partner approval. As you know, Amoco has purchased Tenneco's RMD including all its properties in the San Juan Basin. The anticipated closing date is on or about December 15, 1988. Tenneco therefore requests on behalf of Amoco, a three month extension to the original intent of plugging the well until Amoco has had time to fully evaluate the well. Following the closing date there will be a three month transition period. During that time all files and data will be transferred to Amoco.

If you need additional information, please contact this office.

Very truly yours,

TENNECO OIL COMPANY

P. M. Mueller
Division Production Engineer
