RE: Allison Unit # 9, G-13-32N-07W, API# 30-045-11431

Dear Ms. Cole:

The August 01, 2000 Bradenhead Test on the referenced well indicates possible communication. When the intermediate was blown down the production casing pressure came down at the same time. In order to comply with Rule #107A, and Rule108, submit plans to bring this well into compliance within 30 days.

If you have any questions, please call me at 505-334-6178, ext. 16.

Sincerely,

A handwritten signature in cursive script that reads "Charlie T. Perrin".
