Mr. Emery C. Arnold
Supervisor - District No. 3
New Mexico Oil Conservation Commission
P. O. Box 697

Dear Mr. Arnold:

Attached is the gas well plat for Cox Canyon 3-9. The total acreage of 336.4 acres in partial section 9, twp. 32N, R11W has been dedicated to this well.

The irregular size of this proration unit within the Cox Canyon Unit Agreement was made necessary by the variation in the legal subdivision and approved by the Oil Conservation Commission and the U.S.G.S., as outlined in Pacific's Plan of Development for the Cox Canyon Unit, submitted August 2, 1955.

Yours very truly,

T. A. Dugan
