**Instructions**

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations, and, if approved or accepted by any State, on all lands in such State, pursuant to applicable State law and regulations. Any necessary special instructions concerning the use of this form, and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by the local Federal and/or State office.

Item 1: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 2: Proposals to abandon a well and subsequent reports of abandonment should include special information as required by local Federal and/or State offices. In addition, such proposals and reports should include the following information: (a) Name of the well; (b) Location of the well; (c) Depth of the well; (d) Nature of the well; (e) Fluid contents, not sealed off by cement or otherwise; (f) Amount, size, method of putting in any casing, liner, or tubing; (g) Method of closing top of well; and (h) Date well site conditioned for final inspection looking to approval of the abandonment.
