Midland, Texas

Attn: Mr. A. T. Sindel

Dear Sir:

We are as of this date assigning an allowable to your #1 Standard-Nickels well located NE $\frac{1}{4}$  Section 21-31N-13W. However we are reducing the acreage assigned to 320 acres as a non-standard proration unit has never been applied for to approve the assignment of the 368 acres contained in the North half of Section 21 as shown by your plat.

Will you please make application immediately to Mr. A. L. Porter in Santa Fe for the approval of the Non-standard Unit. Enclose a plat with your application showing offset acreage owners and also mail copies of your application to the offset owners. If you can secure waivers from the offset owners it will expedite the approval of this unit. If any further information is needed please contact us.

Yours very truly

Emery C. Arnold  
Supervisor, District #3
