Mr. A. L. Porter, Secretary & Director
New Mexico Oil Conservation Commission
Box 2088
Santa Fe, New Mexico 87501

Dear Mr. Porter:

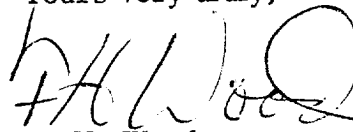

This is a request for administrative approval for an unorthodox gas well location in the Basin Dakota pool.

It is intended to locate the El Paso Natural Gas Company EPNG A No. 1 well 790' from the South line and 2200' from the East line of Section 21, T-32-N, R-6-W, N.M.P.M., San Juan County, New Mexico. The East half of Section 21 is dedicated to this well.

The East half of Section 21 borders on Lake Navajo and contains a number of steep, rocky bluffs. A well site could not be constructed at an orthodox location for a reasonable cost.

El Paso Natural Gas Company operates all properties within a radius of 790' of the proposed well site.

Yours very truly,

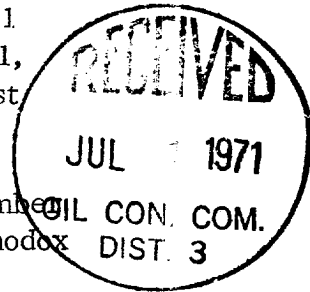

F. H. Wood,
Division Petroleum Engineer

1. Outline the acreage dedicated to the well by a standard or non-standard mark on the plat below.
2. If more than one lease is dedicated to the well, list the owners and describe the well on the plat in order to identify interest and royalty.
3. If more than one lease of different ownership is dedicated to the well, have the interests of all owners pooled and dedicated by communitization, unitization, or lease pooling.

Yes No If answer is "no" list the owners and their acreages which have already been dedicated to the well on this form if necessary.

No allowable will be assigned to the well and all owners have been consolidated by communitization, unitization, or otherwise or until a non-standard mark identifying the well on this plat is filed.

Dear Mr. Hatch:

This refers to your letter of June 24, 1971, which requested a plat showing ownership of leases offsetting the above unorthodox gas well location.

Three copies of the requested plat are attached along with a list of owners of offsetting leases. All of the owners have been notified, by registered mail posted June 30, 1971, of our request for administrative approval for this unorthodox location.

Yours very truly,

F. H. Wood,
