17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This is to request an extension of approval for drilling as the original approval expires September 18, 1972. Drilling has been delayed in order that several other Pictured Cliffs wells may be drilled under the same drilling contract. Drilling operations should begin approximately October 15, 1972. Plans have also been changed and open hole logs will be run instead of cased hole logs as originally stated.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
