Dear Ed:

I received your letter informing the OCD of your cancellation of remedial work on the above mentioned wells. Our records show the wells have been shut-in for more than one year which is a violation of Rules #201, 202 and 203. These rules state that all wells which have shown more than one year of inactive status will be plugged, temporarily abandoned or returned to production within ninety days. You are hereby directed to bring the wells into compliance prior to January 10, 1997.

Sincerely,

A handwritten signature in cursive script that reads "Johnny Robinson".
