Administrative Order NSL-1196

Gentlemen:

Reference is made to your application for approval of a non-standard location for your Fields Well No. 3 to be located 1270 feet from the North line and 1270 feet from the East line of Section 28, Township 32 North, Range 11 West, NMPM, Basin Dakota Pool, San Juan County, New Mexico.

By authority granted me under the provisions of Rule 3 of Order No. R-1670, the above-described unorthodox location is hereby approved.

Sincerely,

JOE D. RAMEY,
Director

RE: Application for Unorthodox Location
Tenneco Fields 3
Proposed Dakota Well
San Juan County, New Mexico

Gentlemen:

Attached in duplicate (to each office) are a well location plat C-102 with a sketch of the surrounding topography and an ownership plat for the above-captioned Dakota gas well.

The Fields 3 proposed site is 1270' FNL, 1270' FEL, Section 28, T32N-R11W, San Juan County, New Mexico. This places the well only 50' from the boundary lines of the quarter section. This was the only feasible site due to topographical conditions as sketched on the C-102.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a waiver of objection.

Pursuant to authority of Rule 104-F, we respectfully request your approval of an exemption to the standard well location requirements.

Very truly yours,

TENNECO OIL COMPANY
