17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Completion operations commenced again on 6-19-81. Total depth of the well is 2713' and the plugback depth is 2713. There were no perforations or fracturings during the completion operations. Pulled rods, 2 7/8" tubing, R-3 packer, and tie-back overshot out of well. Spot acid across gravel pack liner and squeezed 1,000 gallons of 15% HCL at 1/2 BPM. Swabbed to recover acid and tied back into gravel pack. Run pump and rods back down into the well. Landed the 2 7/8" tubing at 2603. Released the rig on 6-23-81.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
