Attention: J. W. Hawkins

Corrected Administrative Order NSL-1509-A

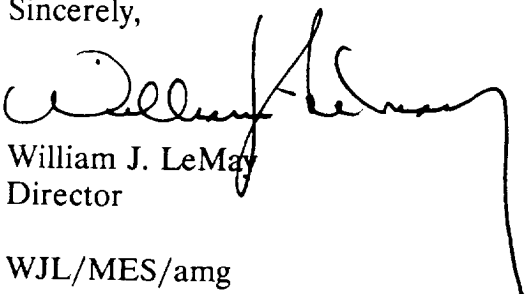

Dear Mr. Hawkins:

It has been called to my attention that Division Administrative Order NSL-1509-A does not correctly state the intended order of the Division. Said consent refers to the "downhole commingling" of Blanco-Mesaverde and Basin-Dakota gas production in Amoco's Mudge Com "B" Well No. 2-E; however, this is not the case. This well is to be "dually completed" with parallel strings of tubing.

All references to "downhole commingling" is hereby deleted from said Order NSL-1509-A. Further, the last paragraph on page 2 of said order shall be amended to read:

"The previous Division Order NSL-1509 shall remain in full force and effect until further notice and Amoco shall comply with **all** requirements pertaining to dually completing the subject well pursuant to Division General Rule 112-A."

Sincerely,

William J. LeMay
Director
