State report results of multiple completion on Well
Completion or Recompletion Report and Log forms

17. (a) If the well is a directional well, show the well's directional profile, including estimated date of starting and completion of well, and well's directional profile, including estimated date of starting and completion of well, and well's directional profile, including estimated date of starting and completion of well.

Under APD drilling plans, Section 4, Casing and Cement - We have indicated the liner will be cemented with 80 sx. However, if a 5-1/2" liner is set, we propose to run a pre-perforated uncemented liner. The alternative 4-1/2" liner, if run, would be cemented as shown.
