(NOTE: Report results of completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Propose to plug back from 4650 ft. (in the Gallup) to 4385 ft. (50 ft. into 9 5/8" casing) with 120 sacks Class G Cement and redrill build and lateral sections in a direction North of East to a total depth of 7000 ft. The main objective is to penetrate the fractured interval in the lower Gallup formation and drill 1000 ft. or more of horizontal hole in this interval. The open hole section will remain in NESW and NWSE quarters of Sec. 28 T31N R14W

- File one copy of this report and log upon completion of drilling operations

- Contact this office when drilling operations are completed.

18. I hereby certify that the foregoing is true and correct
