13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zone. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On November 6, 2001, Amoco Production Company requested permission to add a completion in the Blanco Mesaverde Pool and trimingle production downhole with the existing Basin Dakota and Basin Fruitland Coal Pools. Application was approved on November 16, 2001.

Please note that at the current time the proposed recompleat and subsequent trimingle of production from the subject well has been cancelled. The well will remain a dual producer in the Basin Dakota and Basin Fruitland Coal Pools.

14. I hereby certify that the foregoing is true and correct.
