Dear Ms. Cole:

A review of our production records reveals that the referenced wells are not in compliance with NMOCD Order R-10202. NMOCD Order R-10202 requires, "the applicant shall submit monthly progress reports in accordance with Division Rule Nos. 706 and 1115". You are hereby directed to bring these wells into compliance by immediately filing amended C-115 reports that date back to the first CO₂ injected volumes into the referenced wells.

If you have questions, please contact me.

Yours truly,

Ernie Busch
District Geologist/Deputy O&G Inspector
