	<input type="checkbox"/> Change of Plans
	<input type="checkbox"/> New Construction
	<input type="checkbox"/> Non-Routine Fracturing
	<input type="checkbox"/> Water Shut-Off
	<input type="checkbox"/> Conversion to Injection
	<input type="checkbox"/> Dispose Water

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

**13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\***

Hallwood plans to re-perforate and re-fracture the Fruitland Coal Interval at 2039'-2069'. The well has not responded to the original completion, the production is only 50 MCFD & 12-15 BWPD. This work should improve the gas production rates and increase the water production rates and increase the water production rates to assist the de-watering of the coal. Hallwood plans to do this on or about 11/10/95 and complete 11/13/95.

**14. I hereby certify that the foregoing is true and correct**
