RE: Illegal Pits in Northwestern New Mexico
Montoya #1, N-25-32N-13W

Dear Fred:

New Mexico Oil Conservation Order R-8952 (for the protection of migratory birds) became effective June 15, 1989 and states that all pits and open tanks more than 16' in diameter shall be screened, netted or covered.

On July 26, 1993 field inspections conducted by Denny Foust revealed that the above mentioned pit contained water, oil and paraffin. In order for this pit to be in compliance, you are hereby directed to remove all fluid or properly net this pit by September 7, 1993.

If you have any questions please feel free to call this office.

Sincerely,

Dianna K. Fairhurst

Dianna K. Fairhurst
Deputy Oil & Gas Inspector
