Ripley No. 1-26 Well

Dear Emery:

We are in receipt of your letter and we were honestly hoping you had lost all reference to this well. We know that we are going to have to do something and are presently working on it.

This is going to be a very nasty well to work on and we have just been reluctant to start it. I hope that this will satisfy you for another year.

Very truly yours,

CONSOLIDATED OIL & GAS, INC.
