RE: Navajo B #1, #30-045-11290, F-28-32N-17W

Dear Mr. Harrison:

A review of our records from January 1960, to December 1996, show that the above referenced well has never been productive. An inspection of this well on January 29, 1997, by myself, revealed that it is shut in.

Please be notified that this well is in gross violation of NMOCD Rule #201. You are hereby given 30 days (until March 18, 1997) to reply by letter to this office stating your intentions for bringing the Navajo B #1 into compliance.

Please feel free to contact me at this office if you have any questions.

Sincerely,

Ernest Cardona
Deputy O&G Inspector
