Dear Mr. Little:

Reference is made to your letter dated May 28, 1964, wherein you request authority to locate a water injection well for your Many Rocks-Gallup Pressure Maintenance Project No. 4 at a point 1360 feet from the North line and 260 feet from the West line of Section 27, Township 32 North, Range 17 West, Many Rocks-Gallup Pool, San Juan County, New Mexico. Commission Order No. R-2700 authorized the institution of this pressure maintenance project with initial injection through three wells located in Units D and O of said Section 27 and Unit I of Section 28, same township. # 11-27 range

Inasmuch as you own all acreage offsetting the proposed water injection well, and the above-described location should result in a more efficient sweep of oil in this pressure maintenance project, it is hereby approved.

Very truly yours,

A. L. Porter, Jr.
Secretary-Director
